108.1.5 Dangerous Remains of Structure.

For the purpose of this code, any structure or premises that has any or all of the conditions or defects described as follows shall be considered to be dangerous:

Dangerous Remains of Structure

108.1.5(11). Any portion of a building remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned so as to constitute such building or portion thereof as an attractive nuisance or hazard to the public.

06/11/2021 - Please contact me with plans to prevent any more citations. The rubble must be removed and weed growth must be removed. If rebuilding is your intention then you must get with the building inspector to see if remaining structure can be used, if not, then it must be removed also.

5-Re-Inspection

The Rubble needs to be removed and the weed growth must be removed. Not sure if basement can be used for new build, you will have to speak to the building inspector, the longer it sits there the less likely it can be used. If not rebuilding then it must be removed also.
